

**Electrical Permit Fees For All Other Installations:** (commercial, industrial, institutional or for public use) shall be set at ninety six (96%) percent of the following fee schedule.

<b><u>Cost of the Electrical Installation:</u></b>	<b><u>Fee</u></b>
0-\$500	\$42.00
\$501-\$1000	\$42.00 for first \$500 plus 8.4 percent times balanced of the construction cost (Balance x .084)
\$1001-\$10,000	\$84.00 for first \$1000 plus 2.8 percent times the balance of the construction cost (Balance x .028)
\$10,001-\$50,000	\$336.00 for first \$10,000 plus .7 percent times the balance of the construction cost (Balance x .007)
\$50,001-or more	\$616.00 for first \$50,000 plus .42 percent times the balance of the construction cost (Balance x .0042)
Temporary construction service	\$35.00

**Note:** This \$35.00 fee is required in addition to the above inspection fees if a temporary service will be used and is to be paid at the same time as the regular permit before construction begins.

If the permit has not been obtained and the proper fees paid, as determined by the preceding schedules, prior to commencement of the electrical work, the fees will be doubled and will have to be paid before the permit will be issued. No inspections will be made without the plans and permit for the work being on the job.

The fee for a requested electrical inspection or request for re-inspection in excess of that included in the original permit is \$56.00 provided that the inspection is not in excess of one (1) hour in duration. For each thirty (30) minutes or fractional part thereof in excess of one hour the fee shall be \$28.00. The fee charged for a requested inspection or electrical re-inspection shall be charged at one hundred percent of the rate found in this paragraph.
