Hi Dan,

Just checking with you on this, we are trying to get our information back to the City of Helena.

Please provide a response at your earliest convenience. Feel free to reach out if you have any questions.

Thanks

Subject: Mountain View Meadows

Hi Dan,

We are working through the subdivision platting process and the City of Helena is requesting information from the EHSD regarding proposed accommodation for school buses.

Recalling information from our meeting on 7/21/22, the EHSD will use the proposed streets for developing school bus routes and no specific accommodations are requested by the EHSD.

For the purposes on the City review, please provide concurrence. Response to this email will be sufficient.

Thanks for your time.
