WHEREAS, the Helena City Commission (“Commission”) created Street Maintenance District No. 1 (“District”) for the maintenance and improvements of all or part of the public streets in the District; and

WHEREAS, §7-1-8, Helena City Code, provides the methods of providing maintenance and improvements and paying for street maintenance and improvements; and

WHEREAS, the Commission has estimated, as near as practical, the cost of maintenance and improvements of streets in the District; and

WHEREAS, lots and parcels have been annexed into the corporate limits of the City that are benefiting from the District’s street maintenance and improvements, but are not included within the District for assessment; and

WHEREAS, each lot or parcel of land within the District may be assessed for that part of the cost that its assessable area bears to the assessable area of the entire District; and

WHEREAS, the Commission has determined that commercial properties generate a larger amount of vehicle trips than residential, vacant and mobile home properties and such disparate vehicle trip generation results in a higher level of impacts to streets within the District; and therefore should pay a higher annual assessment than residential, vacant and mobile home properties; and

WHEREAS, all lots and parcels benefiting from the District should be included in the District and assessed for street maintenance and improvements; and

WHEREAS, by this Resolution the Commission specifies the District assessment option and amount of assessments to be levied on all the property within the District to defray the cost of street maintenance and improvements; and

WHEREAS, a public hearing was held on this resolution on the 21st day of August, 2017, at 6:00 p.m. on the Commission Chambers in the City-County Building at 316 North Park Avenue in Helena, Montana.
