We need more Diversity in Business, Music, and entertainment.
More Affordable houses for Pet owners.
We need a actuall mall. Just more stuff for young people to do.

Helena needs more Activities downtown:
- New Years Eve celebration (maybe drop a nugget at Rancy day(?)
- Song event for St. Patty's

We need more for Kids + teens to do to help mitigate suicide + drug use:
- Skating rink/arcade
- indoor/outdoor fun park
- more community clubs for teens

Fire pits on walking Mall for winter ambience.

City of Helena should sue USDA for RD loan program red lining.

It would be nice to have Christmas lights display in one of the parks (for families and the Kids to enjoy throughout the Christmas season. (Boulder, Mtns has a cute Christmas tree up in the park in town.)

PUT MORE EMPHASIS ON MANAGING OUR SOUTHERN OPEN SPACES TO PREVENT DEVASTATIVE FIRES IN TOWN

WILDLAND INTERFACE

Find another use for the mall that includes affordable housing

Affordable Housing shld we build alone.

Real estate speculation primitive between other real estate speculation

We need a more competitive primitive between other real estate speculation

We are making things happen and then asking for permitting policy.

There seem to be two different Helenas - divided along economic lines. We need to focus on coming in a way that incorporates and unites us.

Let's think about creating an open space between Forested areas at the hills + houses. We all might need to give up some things in our own properties but we need to protect Helena!

Kbrant Nodes for millenials (millenial nodes?)

NEW USE PEDESTRIAN INFRASTRUCTURE AS A CONNECTIVE ELEMENT — TO LINK UP WALKABLE DISTRICTS

Downtown Parking:
- Honor system — reduce/eliminate tickets
- Downtown vitality is essential
- Drinking/drug use is too visible/pervasive. Address

Don't equate trailheads with parking lots

There!!

We still have opportunities for open space + connectivity around the hills + houses. Private property owners like to do what they want to. We can incentivize them to do so.

Think about impacts on wildlife as we build trails in the hills around Helena.
